ADMISSION
The FIPDes Consortium selects highly motivated students meeting the following formal admission criteria:

- BSc degree or equivalent degree of at least 180 higher education credits in food science and technology, biotechnology, process engineering, biochemistry or related fields
- Grade point average needs to be at minimum 70% of the maximum score
- Demonstrated English B2 (advanced) language proficiency level
- Respect of the application deadline

APPLICATION
The application is done using the online form available at www.fipdes.eu where you can also find detailed information about application procedures and deadlines.

LANGUAGE OF INSTRUCTION
The official language of the EMMC-FIPDes course is English with ample opportunities to learn the local languages and cultures. In France some optional modules shared with national courses are in French.

PARTICIPATION COSTS
The subscription fees per year are:

- € 9,000 for non-European students
- € 4,500 for European students

ERASMUS MUNDUS SCHOLARSHIP
The European Commission offers a few Erasmus Mundus Scholarships, which cover the participation costs and contribute to the subsistence costs and travel costs (1,000€ per month) for EU and non-EU students.

The FIPDes Consortium will select the best candidates for the Erasmus Mundus scholarships. Scholarship holders are selected on basis of academic potential and in observance of geographical criteria determined by the European Commission.

SHORT-TERM SCHOLARSHIP FOR INVITED PROFESSORS
Erasmus Mundus scholarships can be awarded to invited Professors, enrolled in any non-EU Higher Education Institution, who will be selected by the FIPDes Consortium to contribute to the joint programme. The selected invited Professors will carry out research or teaching assignments as part of the FIPDes EMMC. The minimum duration of the stay is two weeks (2,400€ scholarship).

For more details on scholarships categories and amount for students and Professors, please check the FIPDes website.

Food Innovation and Product Design

International MASTER
The Erasmus Mundus Master Course FIPDes (Food Innovation & Product Design) is an outstanding 2-year integrated programme. It aims to qualify graduates to deal with the growing challenges in food innovation. FIPDes is part of the elite Erasmus Mundus Master Course (EMMC) programme initiated by the European Commission to enhance and promote European Higher Education throughout the world.

WHY CHOOSE FIPDes?
- FIPDes qualifies you to contribute to the development of innovative, sustainable and healthy food products.
- FIPDes puts you in a truly international environment with students from all over the world.
- FIPDes involves you in exciting projects with international industrial and academic partners.

THE FIPDes PARTNERS
The FIPDes programme is offered by a consortium of four European universities from France, Ireland, Italy and Sweden.

FIPDes is also supported by private companies and public research organisations, among them:

FIPDes offers a truly integrated study programme fully recognized in all the participating countries.

The first year of studies will impart to the students a broad knowledge of food science, technological and entrepreneurial skills. Students will attend half-year courses in France and Ireland.

The second year will give them the opportunity to specialize in one of three well-defined options:
1. Healthy Food Design (Italy)
2. Food Design & Engineering (France)
3. Food Packaging Design (Sweden)

The MSc. Thesis focuses on R&D experimental subjects according to the student specialisation and professional plans.

For additional instruction and information on the Erasmus Mundus Master Course, FIPDes activities, students’ reviews or career possibilities, please check our website:
